In order to provide accurate coding information, monthly data updates will be executed the last business day of each month. In the case of holidays or weekends, the scheduled maintenance update is typically done the previous business day.

To accommodate the update process, the applications will be taken offline for a brief period of time on each of the scheduled dates shown above. Down time will be from 9:00 p.m. to 12:00 a.m. Mountain Time.

■ Data only update dates are highlighted in orange.

■ Data with Application feature update dates are highlighted in blue.

Application feature update dates are subject to change as priorities shift. If dates change, the Release Calendar will be revised.

■ Optum observed holidays are highlighted in yellow.
